8. The meeting was reconvened at 9:30 a.m. on Tuesday, December 1 in the Faculty Senate Office, Chairperson West presiding. All members were present except Ms. Grubman. President Newman, Vice President Ferrante and Assistant Vice President Swan met with the Executive Committee. The following matters were discussed:

President Newman outlined the history of the Governor's 5% Recision Plan. In meetings held with the Governor's Budget Office, the Board of Governor's received a total budget cut for the three institutions totaling 3.7 million of which 1.885 is allocated to URI. The Administration brought forward a tentative plan involving budget reductions and tuition increases. An extensive discussion ensued in which several suggestions were made concerning the specific areas where the budget would be reduced.

Chairperson West provided a brief summary of the SET meeting which took place November 30. A tentative agreement was reached between the Student Senate and the AAUP by which only those actions relevant to the selection of courses would be made available to the students. It was agreed that the Faculty Senate would be advised concerning any substantive changes in the SET.

The meeting was adjourned at 10:50 a.m.

Respectfully submitted,

Sheila Black Grubman and
Niels West
